

STRENGTHENING AN INNOVATIVE SUSTAINABLE ECONOMY

THE INNOVATIVE SUSTAINABLE ECONOMY MISSION IS CO-FEATURED

By the Community4Innovation Project

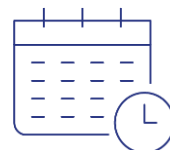

OUR MISSION

The Innovative Sustainable Economy Mission works towards a **fair transition to a circular economy**. The mission comprises **two governance projects** that foster innovative technical knowledge and ensure the implementation of these novel solutions into public policies.

One of these projects is **Community4Innovation**, which focuses on **field activities and innovation development in the region** to achieve the mission's objectives with a **bottom-up cooperative approach**. The consortium includes **10 partners** from Spain, Italy, Greece, Bosnia and Herzegovina, Belgium, France, and Bulgaria.
